IRON DEPOSIT NORTH OF VIRGINIA CITY SOLD SATURDAY FOR \$200,000

The Western Steel Corporation Takes Over Iron Mines and Will Develop Important Industry In That Locality.

The Western Steel corporation, operating a small steel plant at Irondale, near Tacoma, Washington, on Saturday purchased the famous iron properties in Lyon and Storey counties, Nevada, near the California line, says the San Francisco Chronicle, which were under option for purchase by the late E. H. Harriman just before his death.

James H. Moore, president of the Steel corporation, purchased the property direct from the owners James W. Smith and Alfred Merritt of Duluth, the price being \$200,000.

This is said to be the best deposit of high-grade iron ore on the Pacific coast. The property was bought for future use, as the Irondale plant is now using Chinese pig iron under a fifteen-year contract. President Moore says:

"When we get ready to bring Nevada ore here we will ship it by rail to some point on San Francisco bay and thence to Irondale at a very low cost. The area of the mines is 242 acres. The ore in sight amounts to 4,000,000 tons and every ton is worth at least \$1 to our corporation."

The above iron mines are located a few miles north of this city, near the old Lizard mine and what is known as the Badger district, and were first purchased about ten years ago by the Maseba Iron company, for \$35,000, the original owners being Frank Fielding, former assayer at the Consolidated Virginia mine, and Nicholas Hanson of this city. The property includes thirteen claims and more than \$100,000 has been expended in developing the

property. For the greater part of the present season a force of forty men has been employed and work was suspended only a few weeks ago.

The announcement of this sale will be received with marked interest in this section, for it undoubtedly means the starting of a big new mining venture sooner or later, which is bound to be a factor in the prosperity of this section of the state. It is probable that a railroad will be built to connect with the Southern Pacific cut-off at Dayton, —Virginia City Chronicle.

NOW IS THE OPPORTUNE PERIOD IN THIS STATE

Salt Lakers returning from the various mining camps and business centers of the state of Nevada agree that there never has been a time in the resurrection period of the past few years when the opportunity for making money was more favorable than right now, says the Salt Lake Tribune. Opportunity, they say, knocks at your door, and there is every argument for those who are able to do so to round up some of the bargains now reposing on the counters of the state.

Mining properties especially are held very reasonably by the owners, and many propositions once held at exorbitant prices are to be had for almost no more than the obligation to get down to work and develop the ground. It is realized, however, that the cause of this condition operates as hard against the average man taking advantage of these bargains, and that is the difference of getting ready money. But the fact remains that now is the opportune hour to investigate Nevada mining propositions, gold properties especially in view of the renewed interest in gold mining, and now and then one hears of a Salt Lake shipping out into the Sagebrush state to take a look for himself.

THE MAILS.

When does a crime become punishable? When it is committed by mail. The mail is the most sacred thing known to the United States government except itself. Nothing but treason surpasses in egregiousness the misuse of the mails. So far as the federal authorities are concerned, one may steal, gamble and murder so long as it is not done by correspondence. Do ye whatever ye will one unto another, but do not write it down and stick a stamp on the upper right hand corner, for if ye do then in truth will all the demons of justice be unloosed upon your trail.—Life.

WHEN THE FISH EXPLODED.

Somebody discovered that fish are fond of gasoline, and this led to the idea of soaking worms in gasoline in order to make them more alluring when used for bait.

Mark the result.

Two of these gasoline-tempted fish exploded in the frying pan and broke the kitchen window and blew the cook's face full of mashed potato, hurled the teakettle into the flour barrel and painted the kitchen ceiling with stewed tomatoes.

Call it a lying world and let it go at that.

JARBIDGE MAY MAKE GOOD

From miners who are working in Jarbridge it is learned that the camp is looking better every day as they go deeper. A miner predicts that a year from now the camp will have over three thousand working in the mines. Now there are four hundred men working in and around the camp prospecting.

ROUGH DRY.

SUMMONS.

IN THE DISTRICT COURT OF THE Fifth Judicial District of the State of Nevada in and for the County of Nye.

Ellen G. Oddie, Alice T. Oddie and Montana-Tonopah Mining Company, a corporation, plaintiffs, vs. Mae Zawaskie, John Doe, Richard Roe, Peter Doe and Jane Doe, defendants.

Action brought in the District Court of the Fifth Judicial District of the State of Nevada, in and for the County of Nye, and the complaint filed in said County of Nye, in the office of the Clerk of said District Court.

The State of Nevada sends greetings to Mae Zawaskie, John Doe, Richard Roe, Peter Doe and Jane Doe, or defendants.

You are hereby required to appear in an action brought against you by the above-named plaintiff in the District Court of the Fifth Judicial District of the State of Nevada, in and for the County of Nye, and to answer the complaint filed therein, within ten days (exclusive of the day of service) after the service on you of this summons, if served within this county; or, if served out of this county, but in this district, within twenty days; otherwise, within forty days; or judgment by default will be taken against you, according to the prayer of said complaint.

The said action is brought to quiet title to the "Miriam" mining claim, adjoining the "Montana-Tonopah" group on the north, situated in the Tonopah Mining district, Nye county, Nevada; and to compel the defendants to set forth the nature of any adverse claims to said property and any claim they, or any of them, may have to any interest or right to or in said property or any part thereof; and to obtain from said court a judgment and decree declaring the plaintiffs to be the sole and absolute owners of said property and declaring the defendants, and each of them, to be utterly without any right, title or interest to or in said property; and debarring each and all of the defendants from asserting any claim whatsoever in or to said "Miriam" mining claim or any part thereof; and granting such further relief as to the court may seem proper.

And you are further notified that if you fail to appear and answer said complaint as above required, said plaintiff will apply to the court for the relief demanded therein.

Given under my hand and the seal of the District Court of the Fifth Judicial District of the State of Nevada, in and for the County of Nye, this 26th day of August, in the year of our Lord one thousand nine hundred and ten.

Attest: A true copy.
(Seal) ROBT. G. POHL, Clerk.
